

SEVEN HUNDRED KIDDIES FROLIC DESPITE STORM

Afternoon Downpour Does Not Halt Annual May Day Fete on Punahou Campus

Seven hundred kiddies from the kindergartens of Honolulu cavorted as pa-u riders, sailors, "cherry blossoms" and lads and lassies of every imaginable description at the annual May Day fete on Punahou campus Saturday.

Nothing daunted by the steady downpour of rain, the parade started promptly and gaudy colors employed as a decorating effect on the kindergarten children blended. The teachers carried umbrellas, but the participants appeared to enjoy the fete, rain or no rain.

It was the first "pay" crowd, an admission of 25 cents being charged, to go to the benefit fund of the kindergartens. The crowd was large and frequent applause indicated that it enjoyed the affair hugely. The pa-u riders from Kailahi, the paraders from the Fort street kindergarten and the sailor boys from Palama were received with cheers and hand-clapping.

WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt.—"We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me."—Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

DIABETES

We announce this new FACT IN PHYSICS—influence the renal tract with an agent that opposes Renal and Hepatic degeneration and urinalysis will, in many cases, within twenty days begin to show diminishing sugar in Diabetes in people of 50 and over.

There having been no agent on prescription counters to reduce sugar in Diabetes (except opium which is not a specific—see Van Noorden on Diabetes) the importance of an antidiabetic is immediately manifest.

That sugar can be reduced and that many of those succumbing to Diabetes can have lives prolonged to other terminations has been established by urinalyses and confirmed by disappearing symptoms in many cases.

The presence of sugar being a PHYSICAL FACT, and its disappearance a FACT IN PHYSICS there is no uncertainty as to the results that have been obtained.

The agent to reduce sugar (Fulton's Diabetic Compound) can be had at Honolulu Drug Co. Ask for pamphlet. Current bulletin of recoveries and rationalities mailed on application. John J. Fulton Co., San Francisco, Cal.—adv.

MAYOR LANE FAVORS EXCURSION STEAMER TO THE EXPOSITION

Mayor Lane says that he will support any movement to charter one of the larger vessels of the Inter-Island Company for an excursion to the exposition in June. From the present heavy June bookings from Honolulu to the mainland it probably will be impossible for many Hawaii residents to be present at the exposition on Hawaii Day, June 11. There has been some talk locally of chartering a vessel which would leave Honolulu June 1, arriving in San Francisco in plenty of time for the celebration. Mayor Lane is in communication with the exposition commissioner of state and foreign organizations concerning the proposition.

LUCAS DECLARES WIFE MAKES FALSE CHARGES

An answer in divorce, in which he denies practically all the charges brought against him by his wife, Matilda K. Lucas, has been filed in circuit court by Albert Lucas. In the answer the libelee admits that his wife has been suffering from illness for some time past, and admits that "violent and dangerous language is dangerous to her just as it might be to any other human being." He also denies that he is guilty of habitual drunkenness.

The answer says, "libelee says that libellant is afflicted with what many married gentlemen diagnose as a nagging, quarrelsome disposition and an ungovernable temper; that it has been a common occurrence during the past 20 or more years for the libellant to push, shove, shake and strike the libelee and to apply to him all manner of opprobrious and unprintable epithets."

A famous woman novelist was once asked why she had not married. "I have three things about the house," she said, "which represent so closely the characteristics of the average man that I don't want any more of him." "What do you mean?" was asked. "Well," the novelist replied, "I've got a dog that growls all the morning, a parrot that swears all the afternoon, and a cat that stays out all night."
